

RETAIL LIGHTING

JCT600

CASTLEFORD, WEST YORKSHIRE

GAMMA[®]
ILLUMINATION

PROJECT OVERVIEW

- 122 luminaires from the Sysion MF family were installed throughout the car showroom
- The fully adjustable 3000lm Gyro GTS gimbal for accent lighting and the 2000lm Sysion MF for ambient lighting
- The multi-faceted reflector and 3000K colour temperature created a unified look as well as a welcoming feel
- A number of small and discreet Syncro FC spotlights were also strategically placed
- Gamma's ILEM LED emergency lighting solution was chosen to comply with building regulations

GAMMA
ILLUMINATION

"We are delighted with the result - Gamma's luminaires transformed our showroom into a bright welcoming place which is key to us given our proximity to major venues such as Xscape and Castleford Retail Park."
Mark Taylor, Group Property Director at JCT600
